

FREEDOM'S RING RADIO

PROCLAIMING RELIGIOUS LIBERTY THROUGHOUT THE LAND.

"IN MATTERS OF CONSCIENCE, THE MAJORITY HAS NO POWER"
THE PRINCES OF GERMANY 1529 A.D.

Freedom's Ring broadcasts nationally a 15-minute weekly program educating, inspiring and motivating listeners to make a difference in the battle for religious liberty.

Freedom's Ring shows are about people at work, at school, at worship and prayer, what's happening in courts, legislative halls, city councils and planning commissions.

Freedom's Ring goes beyond the sound byte, exploring the real significance of complex issues like the balance between freedom and security, school vouchers, and civil religion.

Freedom's Ring is founded on the conviction that God is the Author of freedom, and that religious freedom is central to the gospel, wherein Christ paid the ultimate price to offer salvation to all, forcing it on none.

Freedom's Ring provides the antidote to the Mark of the Beast. The "Mark" is worship enforced by law. Freedom's Ring teaches that a loving God never coerces individual conscience, because love must be free.

A Faith Partnership

Freedom's Ring is a faith venture. We can only fulfill our calling to educate, inspire, and mobilize listeners around the nation to defend and protect religious freedom with your faithful support. Together, we can become the most effective voice for liberty of conscience, championing the loving character of our Creator, and re-igniting a passion for our God given freedom. Thanks for listening.

Religious Liberty Resources

American values are grounded in liberty of conscience, civil and religious freedom. Freedom's Ring has produced a series of public service spots, **Know Your Rights**, dedicated to promoting these values. These spots remind Americans of the importance of our fundamental freedom, especially at a time of grave national security. If you believe in personal freedom and individual rights, then order your CD of these important Public Service Announcements, and play them on your local stations, so that all who have ears can hear. A sample CD of shows is also available on a variety of topics.

ETERNAL VIGILANCE IS STILL THE PRICE OF LIBERTY

To make a donation, order a sample CD of the show, or to order your own pamphlet or CD entitled **Know Your Rights, Call 1-877-332-FREE**. If God had valued security more than freedom, He would have placed a barrier around the Tree of Knowledge of Good and Evil. Instead, He gave us the right to be wrong, a courtesy we rarely extend to one another.
